

# It Does Not Matter

*by*

Phil Rasmussen

It doesn't matter what your age is, whether you are male or female, if you are rich or poor, what your race or cultural heritage is, and it does not matter what your political affiliation is. It just does **NOT** matter.

What does matter is if you are paying more for the necessities in your life; if the quality of your life and health is declining; if you are increasingly being more restricted as to what you can do, where you can go; and if you are seeing your dreams for a better life disappearing before your eyes. These are only a few of the many things in your life that matter.

While it doesn't matter whether you voted for Biden or not, it does matter how decisions that Biden and his administration have made are impacting your life and that of your loved ones. What is happening today is not about past administrations, nor is it about Covid and its vaccines. What is happening however is about the decisions and actions, not the rhetoric, of the current administration.

We grew up learning these values:

“No one is above the law”  
“All men are created equal”  
“Innocent until proven guilty”  
“Fair and honest elections”  
“Open government”  
“On nation, under God”  
“Freedom of speech”  
“God bless America”

These American values come to us through the **Declaration of Independence**, the **US Constitution**, and the **Bill of Rights**. These fundamental concepts were immortalized by our Founding Fathers, and preserved by the blood and sacrifice of men and women of our military. Have we as a nation lost these values?

There are those however who do not want to improve America but have such loathing and hatred for our nation and the values we stand for. The only desire of these radical leftist is to turn our nation into a third world country, ruled by tyrants whose desires and rule contains none of the values we believe in.

We are at the brink of being enslaved, where everything we do is directed by others and where we lose our free will and the freedoms we have. Is this the life that you want to live? Is this the life that you want your children and grandchildren to live?

If your answer is **NO**, then it is up to you to do something about it. If you are Christian, then you must answer the question posed in Psalm 94:16 of the **Bible**.
